

Our motto is:

With kind hearts and determined minds, we inspire each other to be the best we can be.

This motto supports our vision:

To create a nurturing community in which we ignite curious minds, encourage generous hearts and embrace a changing world so our children can live life in all its fullness.

Primary School

“Let all that you do, be done in love”

(1 Corinthians, 16:14)

This vision supports our core purpose, which is:

At Churchill Church of England Primary School, we are passionate about nurturing kind hearts and inspiring determined minds so that our children can live life in all its fullness. We are committed to being the best version of ourselves we can be and we challenge our children to be the same.

We see children as incredible and powerful learners. Our team provide exciting experiences and challenges which feed our children’s curiosity of the world and embrace their inquisitive nature.

Our carefully structured curriculum builds on our children’s experiences, interests and knowledge. We see learning as a lifelong journey and take seriously our responsibility to inspire a love of learning and foster a passion to grow as a person.

Learn with passion to live with purpose

We open doors to new ideas, challenge stereotypes and embrace creativity and innovative thought. We have high aspirations for all children and place no limits on what we believe they can achieve.

Our children chose which Christian values underpin how we behave and live in school. Everyone in our community commits to reflecting these values in their actions and decisions. We hold each other to account and challenge each other, if we fall short. We embrace British Values and ensure our children know and understand how these values help society to flourish and grow.

We are committed to cherishing and nurturing the whole child and believe passionately that health and wellbeing are vital to a positive and successful life. Through the love and care shown by our team, alongside a carefully structured curriculum, we provide pupils with the knowledge, skills and understanding they need to lead confident, healthy, independent lives, so that they can become informed, active and responsible citizens of the future.

Throughout their time in school we aim for our children to:

- develop a love of learning and a zest for life;
- be courageous and resilient in their learning, develop the confidence to tackle challenges and solve problems independently and collaboratively;
- proud of their achievements and not be afraid to make mistakes;
- dare to be excellent, to have no limits on what they can achieve;
- have the very highest standards of behaviour: do the right thing because it is the right thing to do;
- respect others, themselves and the environment;
- develop an understanding of the Christian attitudes of love, hope, respect and trust;
- develop and value cultural diversity and being part of a wider world.
