

LIGHTHOUSE
SCHOOLS PARTNERSHIP

How does Lighthouse Schools Partnership enhance your child's education?

The Lighthouse Schools Partnership (LSP) was formed in 2016 and all of our schools have chosen to join our trust as we share the same values and aims and want to provide excellent provision for children and young people in the local area.

HOW DO WE BENEFIT OUR PUPILS?

GUIDANCE

Our Headteachers have colleagues who they can seek advice from. They receive support and challenge so they can be effective in the vitally important role of making the best decisions for leading their school to continue to improve outcomes for pupils.

SUPPORT

Outside of the classroom, our skilled and experienced staff provide essential services to our schools, from contracts and procurement, school site management, HR and financial services. We want to ensure best value, sustainability and efficiency across our Trust to ensure that school budgets go as far as possible so that the classroom can come first.

BEST PRACTICE

Working together and sharing best practice across our teaching staff allows us to provide a wide-ranging effective curriculum and learning strategies to pupils which is backed by the latest research and evidence. This allows our teachers to focus their attention on the children and the delivery of the classroom materials.

TRAINING

We offer a wide range of training to our staff so they can make the biggest impact. We want to look after and upskill our staff so they remain in the education profession.
